Be an eSafe kid

On Friday all children participated in an online webinar titled "Be an eSafe Kid".

The webinar really highlighted the importance of using both the Internet and Social networking safely.

The webinar stressed the dangers of "friending" persons who are unknown, the perils of sharing personal information such as names, addresses, birth dates, school attendee, passwords and photos, and what the consequences of such actions can be.

A healthy discussion among all Year 3-6 students followed the webinar and showed that the children all benefited from what they had heard and seen.
